### **DEPARTMENT OF VETERANS AFFAIRS BENEFITS**

### **IRAQ AND AFGHANISTAN SERVICE GRANT**

Like other federal grants, Iraq and Afghanistan Service Grants provide money to college or career institute students to help pay their education expenses. However, Iraq and Afghanistan Service Grants have special eligibility criteria.

## FEDERAL DIRECT LOANS

Direct Loan applications are available at the AIMS Education Financial Aid office.

- **Federal Direct Stafford/Ford Loans:**  
Also called Direct Subsidized Loans. “Subsidized” means the federal government pays the interest on these loans while you’re in institute at least half time, during grace periods and deferments. These loans are need based and are low-interest, with a variable-rate, which is adjusted each year on July 1st. The student must repay the loan. Payments will begin six (6) months after graduation.
- **Federal Direct Unsubsidized Stafford/Ford Loans.**  
Also called Direct Unsubsidized Loans. If you’re an independent undergraduate student or dependent student whose parents are unable to get a PLUS Loan you might qualify for an unsubsidized loan. The federal government does not pay the interest on these loans while you’re in institute, in a grace period or in deferment students are responsible for paying all interest throughout the life of the loan. The interest is at a variable-rate, which is adjusted each year on July 1st. Students may be eligible to receive both the Subsidized and Unsubsidized Federal Loans, but the total of both loans must not exceed the federal loan limit. Payments will begin six (6) months after graduation, date of separation, or drop below half time.
- **Federal Direct PLUS Loans.**  
Allows the parents of dependent students to borrow, up to the cost of attendance at AIMS Education. The federal government charges interest from the student’s parent from the date of the first disbursement until the loan is paid in full. However graduate student PLUS borrowers may defer their repayment while enrolled in institute at least half-time. Interest is charged on PLUS loans during all periods, beginning on the date of the first loan disbursement. A PLUS borrower may pay the interest as it accrues during a deferment or allow it to accrue and be capitalized at the end of the deferment period.

Your parents and graduate students have nearly all the repayment options of the Stafford loan borrower. The exception is that the Income-Contingent Repayment Plan and the income-based Repayment Plan are not available to parent PLUS Loan borrowers.

➤ **Direct Consolidation Loan.**

One or more federal education loans are combined into a new Direct Loan. Only one monthly payment is made to the U.S. Department of Education.

## *Satisfactory Academic Progress Policy.*

Federal regulations require that all students who receive financial aid must maintain satisfactory academic progress and work towards an eligible degree or certificate. In addition, federal regulations require students be on pace to complete their degree or certificate before reaching the 150% maximum timeframe limit. The Satisfactory Academic Policy (SAP) is used to determine if an otherwise eligible student is making satisfactory academic progress in his or her program and may continue to receive financial aid. The SAP policy is consistently applied to all students at this institute. This policy is included in School Catalogue being given to each student.

### *Requirements for Satisfactory Progress*

Satisfactory progress means a student must be proceeding in a positive manner toward fulfilling certificate requirements in a specific length of time. Student's

Satisfactory Academic Progress is checked from an “**Academic Transcript for SAP**” after student completes required number of clock hours in a payment period.

To be making satisfactory academic progress, a student must comply following criteria.

### **Quantitative/ Pace of Progress**

The Quantitative criteria is the measure of the “Pace” at which a student is progressing towards program completion. The Quantitative Criteria/Pace of progression is calculated by dividing cumulative course hours completed or earned by the cumulative total hours scheduled. The student is required to make **Quantitative Progress** towards program completion by attending minimum of 90% of the scheduled class hours on a cumulative basis during each evaluation period.

### **Qualitative Progress**

The Student’s cumulative grade point average (CGPA) is reviewed to determine **Qualitative Progress**. Student must achieve a minimum passing grade of 75% in each module and maintain a minimum overall cumulative grade point average (CGPA) of 2.00.

Student’s enrolled in Diagnostic Medical Sonography Program, on/after February 1, 2015 must achieve a minimum passing grade of 75% in each module and maintain a minimum overall cumulative grade point average (CGPA) of 3.00 for pre diagnostic modules rendered during the first 400 hours of the program.

### **Maximum time frame**

All program requirements must be completed within a maximum time frame of 150% the normal program length. IN NO INSTANCE can the student receive aid for more hours than those for which the program is approved.

The first disbursement of Title IV funds for first time entering students at AIMS EDUCATION requires no progress check provided the first disbursement is issued during the payment period of training for a new student. At the end of their first payment period students must be making satisfactory progress according to the minimum required standards stated above.

### **SAP Evaluation Statuses**

- If SAP has not been evaluated yet.
- Student is meeting minimum SAP requirements at time of evaluation.
- Student regained Good Standing after being placed on an Academic/Financial Aid Warning or Academic Probation/Financial Aid Probation period.

### Financial Aid Warning

If a student fails to meet the cumulative 90 % attendance and 2.0 grade point average for any evaluation period, he or she will be placed on warning for the next evaluation period. Financial Aid Warning means you are still eligible for Federal Student Aid for one payment period and must improve your academic standing in order to avoid loss of Federal Student Aid

Students will be notified in writing when they are placed on warning and the steps necessary to be removed from warning status. Students will also receive attendance or academic counseling, from the program instructor, as appropriate, when they are placed on warning.

### Financial Aid Probation

If a student is on financial aid warning status, s/he would need to meet the SAP requirements (90% attendance rate and 2.00 minimum CGPA) at next mandatory SAP evaluation point. If the student fails to achieve good standing status at next following mandatory evaluation point, s/he will lose financial aid eligibility.

If the student wishes to maintain his/her financial aid, he/she will need to submit an Appeal. If the appeal is successful, student would be placed on Financial Aid Probation status. During the financial aid probation status, student need to follow terms of the appeal approval and/or academic plan, if any.

Coursework attempted and successfully completed during the probation period are considered to check if student meets minimum standards of satisfactory academic policy, i.e. Pace of progression, CGPA and maximum timeframe. If the required standards of SAP is met by the next scheduled evaluation period, the student will regain Good Standing status.

### Frequency & Mode of SAP Evaluations

- Satisfactory Academic Progress is evaluated (Official Evaluations) at a point when the student has successfully completed the scheduled clock hours for that payment period.
- Prior to mandatory SAP evaluation point described above, an informal SAP evaluation may be made by academic department at their discretion.
- Academic performance history of students will be reviewed at the end of every payment period from **Academic Transcripts for SAP**.
- Each official SAP evaluation shall be documented and placed on student file.
- At the end of each payment period, the institute will determine if the student has maintained at least 90% attendance, on cumulative basis since the beginning of his/her program.
- Grades are assigned at the end of the each module which is used to calculate CGPA.
- If a module is in progress and final grade for the module is not available; average grades of all exams in that module shall be considered to calculate CGPA for Satisfactory Academic Policy.

- If the average grade falls below the passing grade, the student shall be placed on SAP Warning. Such students shall be re-evaluated upon completion of the module “in progress” and final grades are available.
  - If the student demonstrates meeting the SAP requirements upon completion of the “in progress” module, the student is retrospectively deemed to have met SAP requirements for the payment period and shall be considered never on SAP warning.
  - In case the student fails to meet the SAP requirement at the end of the module, SAP warning status shall continue for that payment period.
  - In case when the exam scores are not available or exam scores does not represent reasonable progress of the module, the Academic office may delay the evaluation by reasonable period not exceeding 3 weeks or 75 schedule hours, whichever is greater. The disbursement of federal student aid funds, in such situation, will be made only after SAP Evaluation.
- Students meeting the minimum standards required, are considered making satisfactory academic progress and remain eligible to receive title IV financial aid.
  - Students enrolled and attending more than one program simultaneously, each program will have separate *SAP evaluation* for each of the required standards, i.e. Pace of progression, CGPA and Maximum time frame.

### **Consequences of not meeting Satisfactory Academic Progress.**

- Student failing to meet any of the minimum required standards shall be considered as not making satisfactory academic progress and be placed on SAP WARNING Status.
- Student placed on SAP WARNING status will be notified in writing with explanation of its impact on their eligibility for financial aid.
- Student placed on SAP WARNING shall be eligible to receive financial aid for one payment period.
- Student on SAP warning, fails to meet SAP requirements at their next mandatory evaluation period, should appeal to regain financial aid eligibility. Failure to appeal or when the appeal is denied, leads to ineligibility of receiving financial aid.

### **SAP Appeals**

SAP Appeal is a process by which a student who has failed to demonstrate minimum required standards for satisfactory academic progress, petitions for reconsideration of eligibility for title IV aid after completion of a payment period under SAP Warning.

The appeal should include...

- Why student failed to make SAP.
- What has changed that will allow the student to make SAP at next evaluation period.

The SAP Appeal will be approved if school determines that the student will be able to reach SAP standards by the end of the next payment period and the student is placed on financial aid probation.

School may recommend an academic plan that will ensure the student is able to meet SAP standards by a specific point in time. Student can appeal only once during their program duration.

### **Formal Process...**

- SAP Appeals form should be submitted within 5 working days of determination to the institute administrator reviewing the SAP.
- Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance.
- Appeal documents will be reviewed by the Director of Education and a decision will be made and reported to the student within 15 calendar days.
- If the student prevails upon appeal, the SAP determination will be reversed and federal financial aid will be reinstated, if applicable.
- The appeal and decision will be retained in the student file.

### **Academic Plan**

An Academic plan worked out in consultation with program director specifies series of actions required to help the student to improve their academic performance. The purpose of an Academic Plan is to prepare the student regain good standing status at next mandatory SAP evaluation. In other words, the Academic Plan duration should not exceed more than one payment period.

### **Transfer of Credits**

All accepted transfer credits from another institution transferred into the student's current program of study are considered both attempted and completed credits for purposes of calculating the Course Completion Rate but not included in cGPA calculation. Undergraduate transfer credits are included in Maximum Timeframe but not in Program GPA calculations. The Maximum Time Frame is reduced for transfer students, based upon the remaining length of their program.

### **Course Repetitions**

A student may receive financial aid when repeating a course as long as the student has never passed the course. However, once a student has received a passing score, the student can receive financial aid for repeating same course only once. Student can repeat coursework only with prior approval from program director. Only the highest grade for a repeated course is counted in the Program GPA. All attempted courses are counted toward the Course Completion Rate and the Maximum Timeframe for program completion.

➤ If a student fails in a module:

- The repeat (failed) module will have to be paid by the student.
- S/he will meet with the Academics department where an academic plan will be created to improve the grades, and successfully meet the Satisfactory Academic requirements.
- S/he **will not be able to progress** to next payment period until there is “*successful completion*” of the failed module, and all required hours in that payment period are met.
- The students will be paid based on completion of clock hours and weeks in a payment period. NO EXCEPTIONS!
- The payment period will be extended and it will take longer to complete the payment period.
- The hours allocated to repeat coursework shall not be considered in calculating financial aid eligibilities.

Hours attended on repeat coursework will count in “Enrollment Status” to meet requirements for full time attendance.

### Course Drop outs / Withdrawals

Dropped courses and withdrawals are not included in SAP calculations.

### Changing Programs

If a student transfers from one program to another program at AIMS EDUCATION, the SAP will be reviewed to reflect any credits awarded for common coursework that has been successfully completed. Hours and grades for coursework not transferred in to the new program of study, will NOT be included in the SAP calculation for the new program. An administrative fee of a \$100 will apply. **PLEASE REVIEW STUDENT CATALOG FOR DETAILED PROGRAM TRANSFER POLICIES.**

### Leave of Absence

- AIMS Education has a Leave Of Absence (LOA) policy. Please see your student handbook for the LOA policy. The student returning to the institute from an LOA will be in the same progress status as prior to the LOA.
- Hours elapsed during the LOA will extend the student’s enrollment period and maximum time frame by the same number of days taken in the LOA and will not be included in the student’s cumulative attendance percentage calculation.
- Students failing to return on the date of the expiration of a LOA will be considered withdrawn.

- If a student receives Title IV Direct Loans and they do not return from an approved LOA, the last day of actual attendance will be used for computing the six month grace period before repayment begins on loans.
- A student who withdraws from a course or fails to complete the program will have a progress at point of withdrawal in their file.
- A student who has withdrawn, and chooses to re-enroll within six (6) months, will re-enter without loss of hours and at their previous status.
- A student wishing to re-enroll after six (6) months will be re-evaluated for their program choice by the admissions, Instructors, and Members of the Board.

## *Withdrawals*

### **Official Withdrawal:**

When a student decides to withdraw voluntarily from the program, he/she has to provide an official notification in writing or orally to a designated campus official acting in his or her official capacity in the withdrawal process. Acceptable official notification includes notification by a student via telephone, through a designated website or orally in person. . If a student is not able to submit a written request, then an administrator will fill a modification of enrollment contract on behalf of the student, however, the school may request, but not require, the student to confirm his or her oral notification in writing.

The student also needs to meet with Financial Aid department (if applicable) to know about the Title IV withdrawal policy and Procedures.

### **Unofficial Withdrawal:**

An unofficial withdrawal is one where the institute has not received a notification from student that he/she will not attend or has not attended the institute for 14 consecutive days. This will also include if student does not show up upon completion of an approved leave of absence.

### **Date of withdrawal:**

AIMS Education will consider the date of withdrawal as the date the student's last day of attendance. For those students who are terminated due to violation of policy, failing module or non-return from LOA; Date of Withdrawal is the Last Date of Attendance. In case of unofficial withdrawals, student's last date of attendance shall be considered as date of withdrawal.

## ***Facilities and Services Available to Students with Disability***

AIMS Education does not discriminate on the basis of disability in admission or access or its programs, services, or activities of individuals who meet essential eligibility requirements. AIMS Education will provide reasonable facilities for documented disabilities of individuals who are eligible to receive or participate in programs, services or activities.

## ***Medical & Vaccinations***

A physical examination report must be completed by the first day of class. The guidelines for the physical are set by the institute administration, and must be adhered to. Drug Screening may apply to some programs, and must be completed prior to start of classes. Refer following link for further information.

<https://www.aimseducation.edu/formdata>

## ***Notice of Federal Student Financial Aid Penalties for Drug Law Violations***

A federal or state drug conviction can disqualify a student for FSA funds. Following chart describes penalties that may occur if a student is convicted of an offence related to Drug Law Violations.

	Possession of illegal drugs	Sale of illegal drugs
1st offense	1 year from date of conviction	2 years from date of conviction
2nd offense	2 years from date of conviction	Indefinite period
3+ offenses	Indefinite period	

Convictions only count if they were for an offense that occurred during a period of enrollment for which the student was receiving Title IV aid - they do not count if the offense was not committed during such a period. Also, a conviction that was reversed, set aside, or removed from the student's record does not count, nor does one received when he/she was a juvenile, unless she was tried as an adult. The student regains eligibility the day after the period of ineligibility ends or when he/she successfully completes a qualified drug rehabilitation program. Further drug convictions will make him/her ineligible again.

Students denied eligibility for an indefinite period can regain it only after successfully completing a rehabilitation program or if a conviction is reversed, set aside, or removed from the student's record so that fewer than two convictions for sale or three convictions

for possession remain on the record. In such cases, the nature and dates of the remaining convictions will determine when the student regains eligibility. It is the student's responsibility to certify that he/she has successfully completed the rehabilitation program.

When a student regains eligibility during the award year, Pell aid may be awarded for the current payment period and Direct loans for the period of enrollment.

### ***Drug and Alcohol Abuse Prevention Program***

The institute maintains drug and alcohol free environment. Annual workshop is being held with the help from DrugfreeNJ.Org. Each student and employees are invited to attend the presentation. Following information is distributed.

- Dangers & risks of alcohol and drugs abuse on health.
- Policy maintaining a drug-free workplace and consequences of violations.
- Listing of available drug counseling and alcohol rehabilitation and assistance program.
- Penalties that may be imposed for drug and alcohol abuse violations occurring in the institute.

If the student does not make an appointment, the Financial Aid Officer may:

## *Privacy of Student Records- Family Educational Rights and Privacy Act (FERPA)*

The Family Educational Rights and Privacy Act (FERPA) is a federal law that gives students in higher education various rights with respect to their education records. Rights afforded to you under FERPA include the right to inspect and review your education records, the right to request amendment of records you believe are inaccurate or misleading, and the right to prevent disclosure of personally identifiable information from your education records without your prior consent, subject to some specific exceptions.

AIMS Education observes, and is guided by all laws and regulations regarding disclosures of information about students by an institution of higher learning. Nothing in this policy shall be construed to supersede any provision of federal and/or state laws governing such disclosures.

### ➤ **Disclosure of Education Records**

If a student chooses to disclose any of their education records to parents or family members, written consent for disclosure of education records must be signed and dated, specify the records that may be disclosed, and identify the individuals to whom the records will be disclosed.

### ➤ **Directory Information**

FERPA permits disclosure of "directory information" without your prior consent unless you specifically request that it be kept confidential. Directory information is defined as information contained in the education records of a student that would not generally be considered harmful or an invasion of privacy if disclosed. AIMS Education considers the following to be directory information: student's name, major field of study, dates of attendance, degrees and awards received and enrollment status (full-time or part-time).

**AIMS may disclose directory information without consent unless the student requests it to be kept confidential.**

Directory information and other relevant information from a student's education records which includes but is not limited to the student's name, address, telephone number, date and place of birth, honors and awards, and attendance period can be forwarded from the school's education records to the relevant authorities including but not limited to the following:

- Authorized school officials
- Parties connected to Financial Aid
- Accrediting agencies
- Federal, state and local authorities
- Appropriate officials in case of health and safety
- Auditing agencies
- Other transferring schools

Students wishing to exercise their rights to inspect and review their education records should submit a written request for the records they wish to review to the appropriate administrator at AIMS. The administrator will make arrangements for access and then notify the student of the time and place where the records may be inspected within 10 days of the written request.

If the student wishes for any amendment of information which he/she believes is inaccurate or misleading, the student will need to write a formal request asking the school to correct the inaccurate information. If the school decides not to amend the records, the school will inform the student about its decision and the student, if still not convinced, may submit an appeal.

Parental/guardian/spousal access to the student's records may be allowed, even without prior authorization from the student, in cases of health and safety emergencies.

➤ **Additional Exceptions**

FERPA permits the disclosure of personally identifiable information from students' education records, without consent of the student, if the disclosure meets certain conditions found in FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, FERPA regulations require the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose personally identifiable information from the education records without obtaining prior written consent of the student in the following cases:

- To other school officials, including teachers, within AIMS whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions.
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer.
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made in connection with an audit or evaluation of Federal or State supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.

- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction.
- To accrediting organizations to carry out their accrediting functions. To comply with a judicial order or lawfully issued subpoena.
- To appropriate officials in connection with a health or safety emergency.
- Information the school has designated as “directory information.”
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding.
- To the general public, the final results of a disciplinary proceeding, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school’s rules or policies with respect to the allegation made against him or her.
- To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21.

## *Voter Registration*

Under the National Voter Registration Act of 1993, schools receiving federal financial aid (Title IV funds) are required to disseminate information on how students can register to vote. Since the state of New Jersey and New York require registration prior to Election Day and does not allow the ability to register at the time of voting. AIMS Education makes a good faith effort to distribute registrations forms to students. The following links will take you to the information about how to register to vote in state of New Jersey (by County) and New York.
